

SUBJECT	Creative Craft	YEAR	10/11
<p>Why do we study Innovations – Creative Craft?</p> <p>The curriculum in this subject provides students with the knowledge to think creatively in order to solve problems to meet the needs of society and the wider world.</p> <p>This level 1 qualification provides you with the knowledge, understanding and practical ability to design and make high quality products made from a range of materials, using a range of processes in the Design & Technology workshops.</p> <p>Focus is on practical work but there is an element of theory and written work that must be undertaken. This practical work forms the main body of evidence needed to ensure you can pass the course and gain the qualification.</p>			
What you have learned before	What you will learn	Where you can read more	
<p>What have you done during Year 7 to 9?</p> <p>Throughout your time at Rushcliffe you have:</p> <ul style="list-style-type: none"> • Explored using a range of materials, tools and equipment in the Design & Technology workshop. • Safety in the workshop. • Made a range of products demonstrating the use of a range of materials, tools, equipment and processes. 	<p>Unit 1 (Year 10)</p> <p>Exploring craft resources:</p> <ul style="list-style-type: none"> • You will develop your knowledge of materials and the techniques required to cut, shape and join them, by making a range of wooden and metal products. • You will explore the properties and characteristics of different materials and develop your use of tools and equipment in the workshop. • You will also cover health and safety procedures and how to work safely in the workshop. 	<p>www.technologystudent.com</p> <p>(Materials Technology)</p> <p>www.bbc.com/bitesize</p>	
	<p>Unit 2 (Year 10 & 11)</p> <p>Exploring craft ideas:</p> <ul style="list-style-type: none"> • You will explore the work of others to inspire and develop your own craft ideas and products. • You will record your ideas by drawing and writing labels and you will discuss your ideas with others, responding to feedback and giving reasons for your final choice. 	<p>www.technologystudent.com</p> <p>(Materials Technology)</p> <p>www.bbc.com/bitesize</p>	
	<p>Unit 3 (Year 11)</p> <p>Create present and review final craft item:</p> <ul style="list-style-type: none"> • This unit allows you to plan, produce and reflect upon your own craft work. • You will plan and prepare the tools, materials and equipment required to produce your craft item/product, whilst maintaining a safe working environment. • You will have the opportunity to display and present your finished piece for others to see. 	<p>www.technologystudent.com</p> <p>(Materials Technology)</p> <p>www.bbc.com/bitesize</p>
